

## TORINO FUSION AIR // Artist in Residency Online Application Form

Can be submitted in English or Italian.

The selection criteria are simple. We are going to study in depth your work/writing/research/career through your website or any online portfolio or link you think will help us. We honestly believe that in order to understand an artist's practice we don't need a special project or letter of intent or any residency-specific statement. If your work captures our interest, you will receive a note from us. Our goal is to host interesting people with a special point of view on life/society/existence (either explicitly or empirically) in order to create a long-term bond with them.

Name :

Address :

Phone (mobile and/or landline):

Email address:

Website address, online portfolio, further links (not more than 4)
