

## **FUSION AIR BERLIN // Artist in Residency Online Application Form**

The form can be submitted in German, English or Italian.

The selection criteria are simple. We will review your work/research/career through your website, online portfolio or link you think will best help us evaluate your work. We honestly believe that in order to understand an artist's practice **we do not need a special project** or letter of intent or any residency-specific statement. If your work captures our interest, we will contact you. Our goal is to host interesting people with a special point of view on life/society/existence (either explicitly or empirically) in order to initiate a long-term relationship with them.
